NEW

Model 10S/H Stereo Listen-Only Headset (12416G-24)

NEW

The Perfect Passenger Headset for Tour Operators

Introducing David Clark Company's new listen-only, noise-attenuating, stereo headset. Made with the same quality and dependability of our Aviation Headsets.

Passengers will be able to clearly hear your programs, music and instructions. The headset features dual volume controls and a stereo/mono switch in line to accommodate your aircraft intercom system.

Utilizing the same comfort features as our best-selling H10-13.4 model, the 10S/H assures that your passengers will enjoy their flight in quiet comfort.

Product Features:

- *Hi-fidelity stereo output*
- *Newest Undercut, Comfort Gel Ear Seals*
- *Super-Soft, Double-Foam Headpad*
- *Dual volume controls*
- *Lightweight headset design*
- *5ft.(extended) coil-cord terminated with commonly used 1/4 stereo plug*
- *Noise Reduction Rating of 23dB assures clear, precise reception.*
